

**ENGINE FORM**

**INSTRUCTIONS FOR PROPER ENGINE INSTALLATION**

**TO HAVE A VALID WARRANTY ON YOUR ENGINE YOU MUST:**

- 1. Install new radiator, water pump, and thermostat.**
- 2. Install correct oil, new oil filter and oil cooler (if equipped). Flush filter adaptors and oil lines.**
- 3. All seals and gaskets must be replaced (ex. head gaskets).**
- 4. Install new timing belt if equipped.**
- 5. Resolve all check engine lights.**
- 6. If any components are switched from original engine to Sonny's engine, contaminants and debris must be flushed and completely removed from components. If this is not done, engine will be damaged.**

**FAILURE TO DO THESE THINGS VOIDS YOUR WARRANTY. RECEIPTS FOR ALL ITEMS ABOVE ARE REQUIRED FOR ANY WARRANTY CLAIMS. IF YOU DO NOT HAVE RECEIPTS FOR THESE THINGS YOU DO NOT HAVE A WARRANTY. ENGINE MUST REMAIN INSTALLED FOR INSPECTION FOR ANY WARRANTY CLAIMS.**
